

# C1 Advanced Preparation Course

---

*The five-module course develops students' listening, reading, speaking and writing skills at the advanced language level.*

---

## The students will:

- get acquainted with the structure of the exam and the types of tasks;
- practice extensive listening and reading to get a general idea or capture the main idea, and intensive listening and reading to capture specific details;
- practice writing meaningful, well-worded, correctly formatted and linguistically correct discursive essays;
- practice writing letters to make requests, inquiries, suggestions or share information;
- practice answering questions, comparing and contrasting pictures, discussing with a conversation partner and negotiating; and
- gain autonomy in preparing for the exam and choosing strategies and methods.

- I. Introduction
- II. The reading and Use of English Paper
- III. The Writing Paper
- IV. The Listening Paper
- V. The Speaking Paper
